

ROYAL COMMISSION WILL INVESTIGATE

COMMISSION OF THREE TO INVESTIGATE GATE RAMMING OF EMPRESS

Pending This Inquiry the Dominion Wreck Commissioner Will Continue His Preliminary Work—Wife of the Captain of the Storstad Tells Her Story.

Montreal, June 1.—Now that the first excitement and grief over the sinking of the Canadian Pacific liner Empress of Ireland has partially spent itself, the public generally is waiting for the government inquiry to fix the responsibility for the disaster that resulted in the loss of nearly a thousand lives. A royal commission of three was appointed today to investigate the ramming and sending to the bottom of the St. Lawrence river early Friday morning of the Empress of Ireland by the Norwegian Collier Storstad.

The hearings will begin June 9th. Pending the convening of the commission of inquiry Captain Lindsay, dominion wreck commissioner will continue the preliminary investigation begun today by taking testimony of survivors and the members of the crew of the Storstad and assembling evidence for the use of the commissioners. The second step in the legal battle arising out of the sinking of the Empress of Ireland will be taken tomorrow when attorneys for the owners of the Storstad will appear in the admiralty division of the exchequer court and offer a bond of \$240,000 and ask that the collier be released from arrest. The \$240,000 which is based on the tonnage of the collier, represents, according to the contention of counsel, the maximum liability of the Storstad.

Mrs. Andersen, wife of the captain of the Storstad, told her story today. She said that the captain was called from his bed Friday night by the mate because it was foggy. Her husband called her on deck and while she was dressing the collision took place.

"I ran up to the bridge where Captain Andersen was," said Mrs. Andersen. "Everything was dark and quiet. There was no excitement among the crew and I was cool. I stayed on the bridge and I asked Captain Andersen: 'are we going to sink?'"

"I think so," he answered. "I couldn't cry although I felt like it. I said to myself, my place is here and I will die with my husband. Captain Andersen told me he was trying to keep the Storstad in the hole and that if the liner had not been speeding they would have stopped together for a time at least."

She declared that everything possible was done to aid the survivors whose screams she could hear all about her after the crash. Dispatches received today told of the finding of the body of Laurence Irving, the English actor. Irving's face was bruised almost beyond recognition. A signet ring with the initials "L. I." on one of his fingers led to the identification.

One hand still clutched a piece of the night dress of his wife whom he made desperate efforts to save. Further inspection of the Storstad may explain why that vessel did such terrible execution in the collision.

An examination of the collier's shattered plates revealed the anchor jammed in a position where it could have ripped through the hull of the Empress like a great can opener. The anchor point and portions of the battered steel surrounding it bore stains of blood.

DUNNE URGES NOMINATION OF DOWNSTATE CANDIDATE

Governor Issues Statement Relative to Democratic Senatorial Situation.

Springfield, Ill., June 1.—Governor Dunne today issued a formal statement relative to the Democratic senatorial situation in Illinois. He lays great stress upon the geographical side of the situation declared that most of the state offices are filled by Cook county Democrats, says the present Democratic United States senator resides in Cook county and advises that the United States senator should be selected from the candidates who reside outside of Cook county. He says in part:

"Democratic sentiment should unite in attaining this end. To select a candidate from Cook county in view of the tremendous preponderance of office now held by that county, will, in my judgment, create a feeling of unrest and dissatisfaction among Democrats that may militate against our success at the polls next November."

"It is exceedingly important that a senator be selected who is in hearty sympathy with the progressive policies and clean administration of President Wilson and his secretary of state, Mr. Bryan."

The governor urges that personal considerations be laid aside and that candidates and the rank and file co-operate for the nomination of a downstate candidate.

DETECTIVE WITHDRAWS FROM THE WINTERS CASE

Action Follows Failure of Prosecutor to File Affidavits Charging Cooper and Mrs. Winters With Murder.

New Castle, Ind., June 1.—R. H. Ael, detective, who caused the arrests Saturday of Dr. and Mrs. W. A. Winters and W. H. Cooper on charges to commit a felony in connection with the disappearance more than a year ago of Catherine Winters, nine year old daughter of Dr. Winters, withdrew from the case late today. This action followed the failure of W. R. Meyers, prosecutor, to file affidavits in the circuit court charging Cooper and Mrs. Winters, who is the child's step-mother, with first degree murder.

"Politics has entered this case," said the detective. "I will have nothing further to do with it unless the murder affidavits are filed and a special prosecutor appointed."

Prosecutor Meyers said he wished more time to go over the evidence. He indicated that he would continue the investigation.

Abel shortly before his departure, declared that he had discovered evidence tending to show that a box had been shipped to Cooper at a town near Decatur, Ill., the second day following the disappearance of Catherine on March 20th, 1913. He said he had intended going to Illinois tonight to follow up the clue.

MISSOURI PACIFIC RAILWAY RESCUED AT ELEVENTH HOUR

Plan to Exchange Three Year Five Per Cent Notes Is Declared "Definite."

New York, June 1.—The Missouri Pacific railway was rescued from its difficulties at the eleventh hour today when it was officially announced that the plan to exchange 25,000,000 of three year five per cent notes expiring on this date for a like amount of one year six per cent notes had been declared "definite."

There was a qualifying clause to the arrangement however, inasmuch as the final date of extension was set forward to June 5th. It is understood that the estate of Jay Gould and Speyer and company, the roads' bankers, have virtually agreed to purchase the notes of those who refused to grant an extension.

The amount of these notes is variously estimated at between \$3,000,000 and \$5,000,000. The fact that the Gould estate and the bankers have expressed their willingness to buy in any part of the notes occasioned some surprise as it had been distinctly stated that the success or failure of the plan hinged on the assent of every note holder.

PRESIDENT OF DANVILLE CLUB AFTER LAW VIOLATORS

J. M. Boyle Will Attempt to Have Something Done With Three-Eye Managers Violating Salary Limit Rule.

Danville, Ill., June 1.—Three Eye League managers who have observed the salary limit rule will watch with great interest the efforts being made by President J. M. Boyle of the Danville Club to have something done to those managers who have violated it. It has been an open secret for some time that Davenport, now leading the league by a wide margin, is also leading in the amount of salaries being much above the limit and now Wilson Berling of Decatur, has admitted that he is above the limit about \$200. President Boyle, who was last year appointed by President Tarnsey as salary sleuth, said the latter has floundered in his efforts to make the offending managers be good, and that all concerned appear to regard the matter as a joke. Boyle today declared he intended taking the matter to Frank Farrell of the National commission and believes he will get justice there.

EXEMPT FARMERS AND LABOR UNIONS

HOUSE ADOPTS AMENDMENT TO THE CLAYTON BILL

Paragraph in Measure to Supplement Anti-trust Laws, Exempts Labor Unions and Farmers' Organizations From Prosecution Under the Law.

WASHINGTON, June 1.—Trade unions and farmers' unions would be specifically legalized in their existence and declared not to be combinations in restraint of trade by a paragraph which the house today incorporated in the Clayton bill to supplement the anti-trust laws. Although it is designed only to clarify existing law, organized labor leaders say the final passage of this amendment will mark the culmination of a fight waged by them for fourteen years—since the passage of the Sherman anti-trust law—for exemption from prosecution under the laws against monopolies and restraints of trade. On a vote to perfect the labor provision the house was recorded 207 for and none against.

As adopted, the provisions declare that "nothing in the anti-trust law shall be construed to forbid the existence or operations of labor unions or farmers' co-operatives, or their members, or to forbid or restrain membership of such organizations from carrying out the legitimate objects thereof."

Supplemental to this provision the house adopted an amendment proposed by Representative Webb in charge of the bill and agreed on by organized labor representatives and the administration which restrain member of such organizations and their members shall not be "held or construed to be illegal combinations or conspiracies in restraint of trade under the anti-trust laws."

Although the provision was passed without a dissenting vote, there was considerable debate as to just what the effect of the legislation would be. Democratic leaders declared that the provision would give labor the exemption it desired and asserted that officials of organized labor had endorsed the phraseology.

Progressive Leader Murdock and others asserted that it would be years before the courts could finally decide how far the exemption went and what it meant. A clause to legalize such conferences and agreements among railroads as are now subject to the control of the inter-state commerce commission also was passed by the house. The clause confirms and protects the jurisdiction of the commission over such agreements and confirms existing laws against joint agreements to maintain rates.

Determined to hasten consideration of the measure, Democratic leaders pressed the detail debate and kept the house in session tonight without even allowing a recess for dinner.

Senator Newlands, chairman of the inter-state commerce commission which has charge of drafting the anti-trust legislation, announced to the senate today that he expects to make this legislation the unfinished business before that body after it votes on the Panama tolls exemption repeal bill.

Developments in the senate to date encouraged leaders in the belief that the vote will be taken by Saturday night by the canal tolls exemption repeal bill. Although an effort to secure unanimous consent for a vote at four o'clock today failed, Senator O'Gorman, leader of the forces opposing repeal announced that, beginning Wednesday, the bill would be kept constantly before the senate until it was disposed of.

FURNISH EVIDENCE TENDING TO PROVE PATMONT'S STORY

Farmers Living South of Westville Tell of Auto's Trip Past Their Homes the Night of "Dry" Worker's Disappearance.

Danville, Ill., June 1.—Important evidence tending to corroborate the story of Rev. Louis R. Patmont that he was assaulted, kidnapped and carried away on a handcar at Westville, March 31st, is furnished by Roy Klingner and Gilbert O'Brian, two farmers living in Klingner's Lane, about 25 miles south of Westville.

Both men saw and heard an auto on the night of March 31st pass their homes. After reaching the Big Four a short distance west, it turned around and after a brief wait returned past their homes toward the Georgetown road, the direct thoroughfare between Westville and Georgetown. Next morning they found a handcar on the tracks a short distance from the tracks at the crossing. They also found several empty beer bottles bearing a brand that is not sold in Danville, Westville or Georgetown. The nearest place where this beer is sold is Clinton, Ind., and it is believed that the car was one of several sent from Terre Haute to aid the wets in the local option campaign then raging at Westville and Danville.

The two men said today they informed State's Attorney Lewman one week ago, several days before the grand jury adjourned, but they were not summoned before that body.

GENERAL CARRANZA CRITICIZES MEDIATORS

SEMI-OFFICIAL STATEMENT GIVEN TO NEWSPAPERS OF AMERICA

Constitutionalists Will Not Consent to Have Any Dealings With Huerta or Any One Connected With or Friendly to Him.

EL PASO, Texas, June 1.—Criticism of the mediators at Niagara Falls and declaring the constitutionalists will never consent to have anything to do with any one friendly to or heretofore connected with General Huerta, General Carranza's agents here gave out today a semi-official statement from his headquarters in Durango.

The statement which was addressed to the newspapers of America with a note to the effect that it had official sanction although it was not a formal declaration was as follows: "The dominant sentiment of the constitutionalists, regarding the proceedings of the mediation commission at Niagara Falls is one of astonishment that there should be such an apparent lack of understanding on the part of that body not only with regard to conditions in Mexico but as to the attitude of the constitutionalists regarding the mediators. This lack of understanding is not confined to the commissioners themselves but seems to be shared by a large portion of the American press as well as by the Washington government."

Judging from what has been published from day to day, the mediators appear to consider General Carranza and his followers as a negligible quantity scarcely worthy of attention and who must agree to whatever conclusion the commission may reach. They do not seem to be aware of the fact that the constitutionalists are conquerors that they have inaugurated and carried almost to successful completion a re-establishment of a government entitled to recognition by the rest of the world. The recent successes of the constitutionalist army and others that are imminent are conclusive proof that the power of Huerta is practically ended. His troops will not fight. They either run away or join their opponents with every sign of willingness.

"All that prevents the constitutionalists from entering Mexico City today is the physical obstacle of the destruction of the railroads. With communication restored, which is being accomplished with rapidity, the army would be in Mexico City in less than a week. Yet the constitutionalist leaders point to the deliberations of the commission and the statements of the press as absolutely ignoring this situation. The peace commission even goes so far as to propose that the constitutionalists recognize whatever provisional government they decide to set up and so declare that they must be forced to recognize that government or be crushed."

"The constitutionalist leaders are wondering how they are to be forced to do this in view of their present accomplishments and by whom they are to be crushed if they decline to obey the commission. Certainly too, the commission proposes that Huerta shall be permitted to be a candidate for the presidency in order merely to save his face. Do they think the constitutionalists will consent to that any more than they will consent to recognize a provisional government constituted as the commission proposes of one person selected by Huerta, one by themselves and one, perhaps, but not at all likely, by the constitutionalists? No one who has had any acquaintance with the objects and purpose of constitutionalists would fancy for a single moment such a condition."

ENGINE MEN TO TAKE STRIKE VOTE

ENGINEERS AND FIREMEN OF WESTERN ROADS EFFECTED BY VOTE

Negotiations For Increase in Wages Are Broken Off and 55,000 Men Will Vote on Strike Immediately.—Vote Will Effect Workers on 140,000 Miles of Railway.

CHICAGO, June 1.—A strike vote of 55,000 engineers and firemen on 98 railways west of Chicago will be taken as a result of the breaking off of all negotiations for increased wages tonight. The negotiations have been in progress here for nearly three months. Practically every railway in the United States west of Chicago including the Illinois Central and all lines in Canada west of Fort Williams, except the Grand Pacific are involved.

The strike vote will effect workers on 140,000 miles of railway who receive about \$67,750,000 yearly in wages.

According to a statement issued by the general manager's committee the requests of the men would increase the payrolls approximately 50 per cent a year.

Warren S. Stone, head of the Brotherhood of Locomotive Engineers, who with W. S. Carter, president of the Brotherhood of Locomotive Firemen, has headed a committee of employees in the negotiations, said tonight that thirty days would be required to take the vote and that in the meantime no new proposals would be submitted.

The workers made the following demands on the roads:

Increase in the rates of pay in all classes of service; reduction of the number of hours after which overtime would be paid from ten to eight in freight service and from ten to five in passenger service; increase in the basis of figuring overtime to time and a half in freight service and double time in passenger; granting of thirty minutes preparatory time for each trip; allowances for terminal delays, increase in the differentials paid for running Mallet engines; increase in differentials between local and through freight; employment of two firemen on large coal burning engines regardless of character or length of run.

The managers committee held in general that the requests were unreasonable and that there had been no change in working conditions which would justify the increases asked.

THIRD TRIAL ON

MURDER CHARGE.

Springfield, Ohio, June 1.—For the third time in eighteen months Dr. Arthur B. Smith, only son of cultured parents and a physician of high standing in his profession, is to be arraigned in court here tomorrow to stand trial on a charge of having murdered his wife. The alleged victim of the murder was Dr. Smith's first wife, Mrs. Florence Cavener Smith, who died on March 18, 1912. It was believed at the time that Mrs. Smith's death came from natural causes and no suspicious were aroused until Dr. Smith six months later was married to Miss Mabel Merchant, a nurse who had been in his employ and whose home was in Newton, Mass. Largely as a result of neighborhood gossip the remains of the first Mrs. Smith were disinterred. The medical examiner reported evidences of poisoning and Dr. Smith was indicted on a charge of first degree murder. In both of the former trials the jury was unable to agree as to the guilt or innocence of the accused physician. Since his second trial Dr. Smith has been at liberty on \$100,000 bond and for some time past has been residing with his second wife at Lakewood, near Cleveland.

BIRTHDAY OF NOTED VETERAN.

Philadelphia, June 1.—General Galusna Pennypacker, one of the last notable survivors of those who participated prominently in the civil war received congratulations from many friends today on the occasion of his 70th birthday anniversary. General Pennypacker has a war record that is believed to be with parallel. He entered the union army as a sergeant when but 17 years old and rose to the rank of brigadier general through a series of rapid promotions, due to extreme efficiency and extraordinary bravery. He was the youngest man in either the union or confederate armies to hold the full title of a brigadier. He was also the youngest man who ever held the rank of colonel in the United States regular army. Before General Pennypacker was 21 years old he was made brevet major general of volunteers, and was once in command of an army corps. At Fort Fisher, when in command of a brigade, he planted the colors of his old regiment on the fort, and it was the first union flag to wave above the stronghold.

A TRIBUTE.

A friend of the Journal and one well acquainted with the late Epaphras Pease of Waverly, sends the following tribute to the memory of his friend, who recently passed away:

The late Epaphras L. Pease of Waverly was characteristically a man of a quiet, retiring, modest disposition; yet he was emphatically one of the substantial, sterling citizens of the Waverly precinct. He cherished in an efficient measure the spirit of his mother, and she cherished, in a full measure, the spirit of Christ. She was a saint indeed; a saintly woman, a saintly wife, saintly mother. The writer well remembers, when at her funeral, the Rev. H. W. Tupper took for his text, "Precious in the sight of the Lord is the death of His saint," Psalms 116-15. Her husband also, was clearly a converted person. Thus Epaphras was blessed, religiously, in his parentage. In his own action and character, he was blessed. He was kind and true, and faithful to his deeply wronged colored brethren. Hence Christ in the judgment day will say to him, "Inasmuch as you did it to one of the least of these my colored brethren, you did it to me; come thou blessed!"

Indigestion and Constipation.

"About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers.—adv.

Helping Kidneys
By Clearing Blood
A Function Greatly Assisted
By a Well-Known
Remedy.

Most readers will be interested to more clearly understand why analysis of urine is so important. In the use of S. S. S. to purify the blood, its action is a stimulant to the myriad of fine blood vessels that make up the constriction tissues of the kidneys. All the blood from all over the body must pass through the kidneys. They act as test tubes and assayers. And according to what they allow to pass out in the urine, both as to quantity and materials, the health of the kidneys and the quality of the blood is determined. The catalytic energy forced by S. S. S. is shown in the urine. It is also demonstrated in the skin. And as the blood continues to sweep through the kidneys, the dominating nature of S. S. S., acting as it does through all the avenues of elimination, shows a marked decrease of disease manifestations as demonstrated by urine analysis. This assistance is a great relief to the kidneys. The body wastes are more evenly distributed to the excretories; their elimination is stimulated by the tonic action afforded the liver, lungs, skin and kidneys. Thus, in cases of rheumatism, cystitis, chronic sore throat, bronchitis, asthma, and the myriad of other reflex indications of weak kidney action, first purify your blood with S. S. S. so it will enable the tissues to rebuild the cellular strength and regain the normal health.

Attorneys Have Agreed to Come Into Court Wednesday Afternoon and Make Statement of Their Wishes—Possibility That Motion for New Trial Will Be Withdrawn and Other Indictments Dismissed.

In the circuit court Monday afternoon when Judge Jones called case No. 41, on the people's docket which is the case of John W. Henry charged with the murder of Everett Crain. Attorneys interested asked for a few moments conference which was granted. Mr. Haigrove and Mr. Wilson representing the defendant and States Attorney Tilton, Judge Layman, J. Marshall Miller, T. P. Smith and John M. Butler for the state held a few moments consultation in a side room.

On their return they asked the court to strike the case from the calendar at this time and made the announcement that they would come into court Wednesday afternoon at 1 o'clock and make known their desires in the matter. It is therefore at this time uncertain what will be done with reference to the case which was recently tried or with reference to the cases which are still on the docket. It is possible that by Wednesday when court convenes that the attorneys will announce that they have agreed to try the case of Henry for the killing of Everett Crain at some later time during this term or they may announce that it has been agreed to continue this case until the November term. There is another possibility also that the attorneys for Henry may agree to withdraw their motion for a new trial in the case recently tried if the state agrees to dismiss the case against Henry for the murder of Everett Crain and Howard Crain.

Mr. Haigrove of counsel for Henry maintains that he has ample ground for securing a new trial on the Ezard indictment but when asked yesterday as to whether the proposition would be considered of withdrawing a motion for a new trial if the state would agree to dismiss the other cases which are pending against Henry he was unwilling to make any statement and said that the matter was wholly unsettled at this time, but that the attorneys would agree upon their plan some time between now and Wednesday afternoon.

CONTINUED TO

NOVEMBER TERM.

The case of the People vs. James E. Rawlings, Belle Rawlings, Wilse Hettick, Eva Hettick and William S. Denham, charged with arson and conspiracy, was continued to the November term of court on account of the illness of Wilse Hettick, who is at present suffering from typhoid fever. Attorney Francis E. Baldwin for the defense read the affidavit of Dr. G. O. Webster, who stated that the defendant was developing symptoms of typhoid and would not be able to leave his bed for several weeks. The defense claimed that as Hettick was a co-defendant and material witness that his presence in the court room was necessary for the trial of the other defendants.

The case which is the result of a fire in Nortonville last November in which a store building and stock was entirely destroyed, will not come up for trial until the November term. Wilse Hettick, who is suffering from typhoid, is said to have carried the keys to the store and it is alleged that two weeks before the fire he lost the keys and has never recovered them. He was in the habit of wrapping up packages of groceries in the evening to take with him in the following morning when he went into the country, selling the groceries and buying up eggs and poultry. It is claimed by the defense that on several mornings when he came to work that Hettick discovered packages missing and it was presumed that whoever found the lost keys was making use of them and entering the store during the night. The defense in this case will also try to prove that the straw found in the loft was not placed there by any of the defendants but must have been left there by some intruder.

The attorneys for the prosecution held a conference after the introduction of the defense's motion. Attorney Sullivan for the state objected to several statements made in the affidavit and was sustained by the court. The prosecution declared that the case was continued from the last term of court because of the illness of Mrs. Belle Rawlings, who was at that time suffering from smallpox and that the case should not be continued for the second time because of illness and that because one defendant was ill was no reason why the other defendants should not be tried. The court however thought differently.

People vs. Frank Nunes et al.

The case of the People vs. Frank Nunes, Mary Nunes and Jacob DeOrnellas, charged with the murder of Antonio Nunes, was the next called for trial. Nunes was shot the third of last February at his home and died some time later at the Passavant hospital.

Attorney W. N. Haigrove for the defense entered a motion to quash the indictments, which are six in number, on the ground that they were indefinite and inconsistent. This motion was overruled by the court. A motion was next entered by the defense for Jacob DeOrnellas for severance. This motion was also overruled by the court. Adjournment was then taken to 9 o'clock this morning when the case will be resumed and a special panel of fifty men examined for jury duty.

WIPING OUT PARTY LINES IN CALIFORNIA.

Feeling In Coast State Seems To Be Practically Divided on Governorship.

San Francisco, June 1.—The principal issue before the August primaries will not, it appears, be so much a matter of political difference as it will be a question of geography. The southern section of the state is protesting vigorously against the so-called dominance in office and as a result of this feeling the state is practically divided on the nominee for governor.

This sectional feeling is so strong that it is feared by the friends of Governor Johnson that loyalty to the south may take from him many votes that he might otherwise receive. Only recently did Mayor Rose of Los Angeles and District Attorney Fredericks of that county consent to enter the contest for the gubernatorial nomination. Of the two candidates, both of whom are Republicans, Rose is considered the strongest opponent of Governor Johnson, who will seek renomination on the Progressive ticket.

Already there are fifteen candidates in the field for nomination for governor. The Republicans and Democrats have six each, and the Progressive, Prohibition and Socialist parties one each. As the time for filing nomination papers does not close until July 16, there will no doubt be other names added to the list.

The political supporters of Governor Johnson believe him to be the strongest candidate in the field. It is considered certain, however, that he will have to draw a considerable Republican vote in order to be elected.

In the contest for the United States senatorship, to succeed George C. Perkins, whose term expires next March, the lines have been very slow in forming, although a number of names have been mentioned in connection with the honor. The most prominent candidate on the Republican side is Joseph R. Knowland, who now represents the Sixth district in congress. Samuel M. Shortridge of this city and Albert E. Boynton, president pro tem of the state senate for the last two sessions, are also in the field for the Republican senatorial nomination. Francis J. Heney, the well known San Francisco attorney, is mentioned as a possible candidate for the Progressive nomination for the senatorship, and former Mayor James D. Phelan has received mention as a possible Democratic candidate.

The Ladies' Aid of Riggston M. E. church will give an ice cream and strawberry social on the church lawn, June 3.

THE ARMY WORM.

There is some complaint of the ravages of the army worm in this county. Wm. A. Crawley, east of Nichols park, took a heavy roller and met the worms as they were trying to cross the road and as they struck the loose dirt that had been piled up in the middle by the road scraper they were detained and crushed in good shape. A gentleman from Missouri reports that a man in that state saw them approaching a field and by one side of it dug a trench three feet deep and eighteen inches wide and the worms filled it in their attempt to get into the field. The one they crossed was eaten bare as a paved street.

The Speed Maniac

By WALT MASON.

Where's he hies he simply flies, the dust behind him thickens; past the road, and kills my pup and chickens. He toots his horn as though in scorn of folks who travel slowly; like foaming stars his noisy car attains a speed unholy. He does not care for your despair, nor needs your angry feelings; he scots and rips and zips with drunken leaps and reels. For poor galoot who toils at foot, he does not care a tither; he scares the mules, the farmer toots they bolt and kill the driver. Along his tracks for meters back, his dead and maimed are lying; he merely sniffs at mangled stiffs and still he goes o-flying. When brought to court this measly sport is taxed a few plasters, when he should wait for years in jail for causing such disasters. Throughout the land this thing we stand—our land 'cause we've got to—and all our kicks don't serve to fix the same head with the auto. Perhaps some time 'twill count as crime to run amuck, doggone it, along the side, chase and strike and maim the people on it.

BACCALAUREATE SERMON FOR WOMAN'S COLLEGE SENIORS

Splendid Address by Dr. J. C. Baker of Trinity M. E. Church, Urbana—Special Musical Program—Address to Class by Dr. Harker.

The Woman's college baccalaureate service was held Sunday morning at Centenary M. E. church where a very large audience gathered, the other M. E. churches of the city joining in the service. The sermon was by Dr. J. C. Baker of Urbana, who is known as one of the very strongest of the younger ministers of the Illinois conference. The processional included trustees and faculty members of the senior class, members of the student body. The address to the graduates was made by Dr. Joseph R. Harker.

The musical program for the morning included a solo by Miss Bee-

be, a trio number by Miss Beebe, Miss Fenton and Mrs. Hartman and the Glee club led in the hymns. Miss Larimore was sat th organ, Rev. W. W. Theobald, Rev. G. W. Flage and Rev. J. W. Miller assisted with the service.

The sermon of the morning by Dr. Baker was one of the strongest ever given on a like occasion in Jacksonville. His text was 1 Cor. 3:22, "Whether Paul or Apollos, or Cephas, or the world, or life, or death, or things present, or things to come, all are yours." Speaking on the subject, "All Things Are Yours."

Dr. Baker is pastor of the Trinity M. E. church in Urbana where many of the students and faculty of the university attend. It is a matter of regret that an extended notice of the sermon cannot be given.

Dr. Harker in his address to the seniors said:

Young Ladies of the Class of 1914: For many years college has had a large place in your lives. First there were college anticipations, more or less doubtful and indefinite. These anticipations developed into actual college experiences and these experiences will pass into memories. The experiences have doubtless been different in many ways from the anticipations; but the memories will in the long run quite faithfully reproduce the actual college life. May the memories of these college days prove for all of you an increasing benediction and delight.

Many things in college are temporary, transient, of passing importance merely, but frequently these temporary things attract most attention. Some things in your college experiences are fundamental and abiding, and sometimes these are so quiet that they are little realized at the time. There are college women who confess with regret only after many years have they come to appreciate the really essential and most helpful influences of the college life.

I have the privilege of speaking of last personal message that the college will give you, and I wish I could in a few brief words set in clear outline the most important factors of your college experiences. What is the best and most lasting benefit that your college days have brought?

For sixty-eight years the college has been receiving and investing for you. Through two generations many friends have brought their gifts here, and have generously consecrated them for your advantage. College buildings, best that could be put in; equipment, the best that they could get; courses of study, planned to the best of their ability to meet your needs; teachers with the best experience and preparation that the college could command; laboratories and library, books and apparatus, literature and science, music and art—all these accumulated for many years, have been at your service, making your college days rich in opportunity for development into a better and more capable womanhood.

Large Place in Memory.

In your memories of college days, these things will occupy a large place. The class rooms, the recitations, the laboratories, the experiments and lectures, the library, the chapel, the society halls, there were daily experiences, with their exacting demands for time and attention, and their constant insistence on high standards and faithful work. Your presence here this morning proves that you have been faithful to these demands, and have met these standards in a satisfactory way.

But these are not the real college after all, nor will these remain as your most permanent college memories. These are only the material body of the college, the tools and instruments with which its work is done. In these, and behind and beyond these, there has been, there must be, life and personality, to animate and vivify your college experiences, and make them really worth while. If the Woman's College has permanently helped you, it will be because here your life has been touched by other life, stronger and richer and purer and better than your own; and by this actual personal contact inspiration and purpose and strength have come to you.

Only personality can affect personality. We must have college buildings, and better equipped laboratories, and are thoroughly furnished for the most helpful instruction, and we are a larger library, and teachers who praying and watching for friend to make a real Woman's College. All this equipment may make scholars, but we are making women first, women who are also scholars—and our greatest concern for you in all our college years has been that you should here find not only equipment, but human personality and an environment of character that would make your life grow into its highest possibilities.

Through all its years this has been the glory of the college. The young women who have come here have found personal inspiration and helpful lives. They have had the privilege of personal contact with men and women whose lives have been devoted, true and pure, and by this contact their lives have been permanently enriched and ennobled.

The Greater Vision.

Our most conscious concern for you through all your college days has been this very thing. We hope that your most permanent benefit and your most lasting college memory will be that here you saw a vision of a larger, purer, nobler life, and that here you received inspiration, strength to make this vision real. For your sakes we have sanctified ourselves that you might also be sanctified for others.

But my greatest satisfaction this morning, as I think of what will be your most helpful and blessed college memory, is this: I know that here at the Woman's College you have come to know Him, who is the greatest Personality in the world. This has been His college through all the years, and we have been only His representatives. From the first day you came you have been pointed to Him. You have heard and seen how every day we have recognized Him as "Lord and Master of us all." You have known our unvarying testimony that whatever there has been in any of us that has been "true and honest and just as pure" has been not of ourselves, but His life reflected in us. The greatest day in our life, as in that of Paul, and of every other man or woman whose life has been worth while, was when Jesus Christ "took hold of us." And I have watched with keenest joy the evidence that He has also taken hold of you while you have been students here. He has already begun a good work in you of developing a nobler, purer womanhood, and of making you anxious to serve, wherever and however life may show you. Our influence and personality as it affects you must grow less as the years go by. But He goes with you, and His life will increase in you.

Let Him keep hold of you through all the coming years and then we shall be certain that your memories of college days will grow sweeter and sweeter, and we shall always thank God that He brought us together in these dear old college halls.

LITERBERRY.

Wall Mason of Maple Grove farm, on Gold avenue, Grace chapel, called on the Scribner family Sunday afternoon.

J. A. Litter went fishing Saturday, up to Wolf lake.

Orville Crum lost a valuable young horse Sunday.

A goodly number of our people went down to Arcadia cemetery on Saturday to attend Decoration services.

Sunday afternoon S. H. Crum hooked up "Dandy" to the survey and we, in company with Mrs. Mc, accompanied him to the Zion church to attend a Sunday school convention. The ride was over a road both picturesque and beautiful; the country interspersed with great fields of the finest wheat, oats and corn, with now and then a grove of fine timber inviting us to drive in and take a rest in the cool shade. These groves reminded us of the good picnics we were in the habit of attending in the days gone by. Why can't we renew the wood picnics? Everybody loves to go and there are plenty of children to do the entertaining. Zion church is located in one of the romantic spots of this part of the country; set upon the top of a small hill, where the breezes play hide and seek the windows. We were well impressed by the people we met. The young people are good looking, well behaved and good singers. The new power is John Asplund, precinct vice, and Sam Orne, superintendent.

Mr. Asplund gave a report of his labor in bringing the school to its present efficient state, through hard work, trials and tribulations, and he is still at the wheel, with a determination to make things go for right and God. Mrs. Louise Montgomery of Virginia made a few remarks on the home department and sang a solo entitled, "Just for Today," in a pleasing manner. Mrs. Montgomery has a fine voice and sings well. Rev. A. N. Simmons gave a good talk on "The Responsibility of Parents," which was interesting and beneficial to all who would follow the thoughts he gave. W. H. Crum followed on "Opportunity." "Billy" gave an earnest talk and part of the time came near scolding the indifferent and careless one, but it was all good logic and just the kind to arouse a people dead in Sunday school work, to a working point. Rev. Mr. Leach spoke on general principles and gave a vivid picture of two homes, one with Christ at the helm and one without. He showed the difference, and it is great, and should set parents to thinking. After a generous offering for the missionary preacher in far off China, we were dismissed by Mr. Simmons and returned home by a different road just as beautiful and interesting as the one we had gone. If you want a pleasant and profitable ride through the country, go with S. H. Crum; he will furnish a flow of good conversation and assure you against loneliness or monotony. At a low swampy place near the creek, we ran into regiment of army worms, perhaps two regiments, for there were a lot of them, the first we have seen for years.

400 South Hermitage Ave., Chicago, Ill.
"I was attacked with a breaking out on the inside of my arms. It was a small rash or pimples and it itched and burned, especially at night, so that before I knew it I had made myself sore. I had to wear the finest kind of cotton underwear, no woolen at all, because the least thing irritated it and made it much worse. The rash itched and smarted until at times I got no sleep at all."
"I had this trouble and took treatments for about one year, but they only gave me relief while taking them. Then I began using Cuticura Soap and Ointment and I got relief right away. I made a good strong lather of Cuticura Soap and washed myself every night and morning, drying myself with a good soft towel, and then applied the Cuticura Ointment. In three months I was a well man again." (Signed) H. W. Foley, Nov. 5, 1912.

WOMEN FROM 45 to 55 TESTIFY

To the Merit of Lydia E. Pinkham's Vegetable Compound during Change of Life.

Westbrook, Me.—"I was passing through the Change of Life and had pains in my back and side and was so weak I could hardly do my housework. I have taken Lydia E. Pinkham's Vegetable Compound and it has done me a lot of good. I will recommend your medicine to my friends and give you permission to publish my testimonial."

Manston, Wis.—"At the Change of Life I suffered with pains in my back and loins until I could not stand. I also had night-sweats so that the sheets would get wet. I tried other medicine but got no relief. After taking one bottle of Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use for six months. The pains left me, the night-sweats and hot flashes grew less, and in one year I was a different woman. I know I have to thank you for my continued good health ever since."

—Mrs. M. J. BROWNELL, Manston, Wis.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled in such cases.

WOMAN'S COLLEGE TRUSTEES HELD ANNUAL SESSION

Reports For Year Indicate Growth of Institution—New Officers Are Chosen.

The annual meeting of the board of trustees of the Illinois Woman's college was held Monday afternoon at the college. There was a large representation present of both trustees and conference visitors. The reports presented indicated that the past year, like each of the twenty one under Dr. Harker's leadership has been a year of growth and advancement. An interesting report was presented by Mrs. E. C. Lambert with reference to the work of the alumnae in assisting the work of the college and the report given by E. B. Houck, field secretary for the college indicated that he had been very active in the college work during recent months and had laid some foundations which are certain to result in financial aid for the college in days to come.

The annual report of President J. R. Harker which went into the year's work and the condition of the college in some detail will be made public at the commencement exercises today. Dr. Harker mentioned in passing that the faculty of the school now numbers 35, whereas during the first year of his presidency the total number of students and faculty housed in the building was 34. Another indication of the growth of the collegiate department was shown by the fact that the freshmen class in 1911 numbered 36, while the figures for 1913-14 were 72. During Dr. Harker's presidency the value of college property and holdings has increased half a million dollars. The whole report and statements made during the session show the very substantial condition in which the college is today in all departments of work and financially speaking as well.

The annual election was held resulting in the selections of the following officers and committee: President, Dr. T. J. Pitner; secretary, Dr. J. R. Harker; treasurer, E. B. Crabtree; executive committee, T. B. Orear, T. J. Pitner, J. R. Harker, E. B. Crabtree and Mrs. E. C. Lambert; faculty committee, Dr. T. J. Pitner, Dr. J. R. Harker and Mrs. E. C. Lambert; auditing committee, W. E. Veitch, C. P. Gillett and J. W. Walton. Mr. Orear retired from the trusteeship of the college at his own request after fifteen years of service and the suggestion of Mr. Yates a committee was named to draw up a suitable resolution with reference to Mr. Orear's record which will be placed upon the minutes of the trustees. This committee includes Mr. Yates, Dr. Harker and Mr. Crabtree. Dr. J. C. Nate, Dr. F. A. McCarty, Rev. G. W. Flagg and Rev. J. W. Miller were appointed to report college commencement affairs to the church papers.

The report presented by Dr. McCarty in behalf of the conference visitors laid emphasis upon the condition of the college and the work of the past year. Dr. Harker's report called attention to the necessity of meeting the condition laid down by the board of education that the endowment be increased \$100,000 by January 1, 1916. The board heartily endorsed the plan of raising this money and also the suggestion made by Dr. Harker for a movement looking toward the securing of another building. Before the meeting adjourned brief speeches were made by Rev. Mr. Leazenbe of Crawfordville, Ind., Rev. Mr. Carroll of Southern Illinois and Rev. J. C. Baker of Elkhart. Others present at the meeting were Richard Yates of Springfield, Judge Rinnaker, Carlinville, H. B. Prentiss, Chicago; Rev. Horace Reas, Decatur; Dr. T. J. Pitner, Dr. J. R. Harker, A. C. Metcalf, S. R. Capps, Edmund Blackburn, J. W. Taylor, Rev. W. A. Boyd, Rev. G. W. Flagg, Rev. H. F. Cusie, Dr. F. A. McCarty, Rev. W. W. Theobald, E. E. Crabtree, T. B. Orear, Rev. E. B. Houck, W. E. Veitch, Rev. J. W. Miller, C. P. Gillett and J. W. Walton.

Kidney troubles attack Jacksonville men and women, old and young. Kidney ills seize young and old. Often come with little warning. Children suffer in their early years—can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Men have lame and aching backs.

If you have any form of kidney ills you must reach the cause—the kidneys. Doan's Kidney Pills are for weak kidneys—Have brought relief to Jacksonville people. Jacksonville testimony proves it. Mrs. Mabel Hiles, 471 South East street, Jacksonville, Ill., says: "We used Doan's Kidney Pills in our family with fine results. They brought quick relief from backache and other symptoms of kidney trouble."

LOBSTER FACTORIES

Charlottetown, P. E. I., June 1.—The lobster fishing season is now in full blast in this province and from present indications it will be a more successful season than last year, the lobsters being more plentiful and much larger. The season this year for the greater part of the coast has been shortened ten days and will close June 10. The importance of the lobster industry in Prince Edward Island may be judged from the fact that last year the pack was valued at \$750,000. Of late there has been a strong tendency toward the consolidation of the factories. In several sections nine and ten factories have merged into one. The expense has been reduced by closing the smaller factories and doing all the packing in the largest factory of each group.

POPE NEARS 80TH MILESTONE.

Rome, June 1.—Pope Pius X. will enter upon his 80th year tomorrow. He was born at Riese on June 2, 1835. Owing to the unusually large number of foreign prelates of note who are now in Rome, among them being three cardinals and numerous archbishops and bishops from America, it is considered likely that the pontiff may deviate from his rule of celebrating his birthday anniversary in private. If permission is granted a delegation representing the visiting churchmen will call at the Vatican to present their congratulations to the pope.

IF SKIN ITCHES AND BREAKS OUT APPLY SULPHUR

Get Ounce of Bold-Sulphur Cream and Heal Eczema Right Up.

For years, common bold sulphur has occupied a secure position in the treatment of cutaneous affections, by reason of its parasite destroying property. It is not only parasiticide, but also anti-pruritic, antiseptic and remarkably healing in irritable and inflammatory conditions of the skin. The moment you apply it to an itching or broken out skin the itching stops and the healing begins, says a noted dermatologist. Just common bold-sulphur made into a thick cream effects such prompt and remarkable results, even in aggravated Eczema that it is a never-ending source of amazement to physicians.

While not always establishing a permanent cure it never fails to subdue the angry itching and irritation and heal the Eczema right up and it is often years later before any eruption again appears on the skin.

Any good pharmacist will supply an ounce of bold-sulphur cream which should be applied to the irritated or inflamed parts, like the ordinary cold creams. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the eruption is accompanied with itching—adv.

CITY HELD REGULAR SESSION MONDAY MORNING

Ice Dealers and House Moving Ordinances Given First Reading.—Officers' Reports.

The regular meeting of the city council was held Monday morning and the amount of business transacted was unusually small. After the reading of the minutes, officers' reports were read and the monthly payroll was ordered paid as soon as funds are available. The first reading was given to the house moving ordinance which provides for a license fee and for a rigid supervision of any building removal work. One provision is that no building is to be moved until certification has been made that it is worth 40 percent of its original value.

The ordinance was prepared at the suggestion of Mayor Davis, who also had prepared the ordinance requiring a license for the sale of ice and making certain provisions relative to the conduct of the ice business. This ordinance was also given a first reading and will come up for a final passage at the session next Monday. W. D. Gates of the Gates Ice & Fuel Co., was present and a number of questions were asked of him by Mayor Davis, Commissioners Newman and Knollenberg. Mr. Gates said that the ice dealers would welcome the ordinance providing as it does for inspection of weights, etc., by a city official as this would tend to satisfy the public generally that they would be given a fair and square deal. He said however that he did not think the matter of supervision of weights and measures should apply only to ice dealers but should include grocery men, coal dealers, etc., as well.

Mayor Davis explained that the intention is to ultimately have an inspector of weights who will have control of all merchandising which has to do with weights and measures. The Mayor and the commissioners just mentioned above protested vigorously against the matter of requiring people to buy with coupons and especially not having the coupons transferable except where the holder gives an explanation as to how and where he secured the coupons. Mr. Gates maintained that they did not want coupons transferable because it made it difficult to locate or identify any stolen coupons under these circumstances.

Officers' Reports.

R. L. Pyatt reported collections from Diamond Grove cemetery \$551.75; through clerk's office, \$1102.13; from Jacksonville cemetery, \$29.50. The report of H. Wannamaker, sexton of Jacksonville cemetery, showed two interments in the month of May.

Miss Emma Weller, city matron, reported six cases investigated, and mentioned having visited two women at the jail.

W. H. Cobb, water superintendent, reported total collections, \$2821.80; meter rent, \$2626.28; meters sold, \$145; taps sold \$20; meters repaired \$20.52; total \$2821.80.

P. E. Farrell, city treasurer, presented a report showing in detail the distribution of \$10,000, appropriated by the city to apply in the Morrissey deficit fund.

ANNUAL MEETING OF ALUMNAE SOCIETY

WOMAN'S COLLEGE MEMBERS IN INTERESTING SESSION.

Program Included Short Talks By Several Who Were Students When College Was in Its Infancy.—Various Reports Show Progress.—Election of Officers.

An interesting session of the Alumnae society of the Woman's college was held Monday afternoon in the old chapel room. There was a good attendance of members and friends of the school, among the number several who graduated while the college was in its infancy.

Mrs. T. H. Buckthorpe presided and the program opened with a piano solo, "Moment Musical", by Miss Mabel Wilson of Virginia. Miss Johnston, class officer of the graduates, presented the members of the class to the society and the address of welcome to the new members was given in a most gracious manner by Miss Annie Hinrichsen. The response was by Miss Hallie Clem.

Report of General Secretary.

In her usual interesting and fascinating manner, Mrs. E. C. Lambert gave the report of the general secretary. She spoke of the enterprise of the Junior class in presenting the first annual, the "Hillwood". Mrs. Lambert spoke of the splendid manner in which the endowment pledges were being paid by the alumnae and among those who paid was the former graduate who gave \$10,000, but still refused to disclose her identity. Out of a total of \$182,242.75 which had been pledged, \$72,000 remained yet to be collected.

The speaker referred most feelingly to the members of the society who had passed away during the past year and paid a fitting tribute of respect to their memory. Her report showed that a large number of former students and graduates had married during the past year. A review was given of the work accomplished by the college organizations in Los Angeles, Chicago, Danville, Decatur, Springfield and other places.

Misses Stella Shuff and Lena Hopper sang beautifully a duet "Le Roi de la Danse" by L. Delibes; Miss Freda Fenton, acting as accompanist.

The report of the treasurer was given by Mrs. William A. Pay, who gave the receipts and expenditures of the organization for the past year. She referred to the new alumnae catalogue which had just been issued at a considerable expense and she expressed a desire that everyone would purchase a copy so that this expense might be met.

The society was next delighted with a reading from Miss Millicent Rowe, entitled "The Mollusc", by Henry Davies.

Alumnae Scholarship Fund.
The report of the Memorial Alumnae Scholarship fund was given by Mrs. J. N. Ward. The total for each scholarship including cash in hand, and pledged, follows:

| | |
|---------------------------------|--------------------------------------|
| Jaques Scholarship |\$2435.51 |
| McCoy Scholarship | 662.00 |
| Adams Scholarship | 3054.13 |
| De Mott Scholarship | 1014.00 |
| William Short Scholarship | 6264.00 |
| Harker Scholarship | 6665.00 |
| Total amount of cash in hand is | \$11,705.69, and pledges \$8,048.95, |
| making a total of | \$19,754.64. |

Miss Mary Wadsworth, Miss Lula Hay, Mrs. Sarah Reynolds Cocking, were elected as active members, and Miss Margaret Catlin as an honorary member.

Oldest Alumnae Speak.
Several of the oldest alumnae of the college were present and the talks they made were easily a feature of the gathering. The first introduced was Mrs. Harriet Greer of Sacramento, Calif., of the class of 1853. She was a student under Pres. Jaques and a member of the Belle Lettres society. She was happy to be again at the old college and marveled at its wonderful growth. Mrs. Keplinger Rinkaker of Carlisle said she entered the school in 1859 when the sessions were held in the basement of the old Methodist church which stood on East State street. She was a member of Belle Lettres society and told of the joint exhibition which the two societies gave. Mrs. Minerva Vincent of the class of 1859 also spoke, and others were Mrs. Elvira G. Brock, of Jacksonville; Mrs. Louise Arenz Ray,

of New Berlin; Mrs. Caldwell, and Mrs. Alice McElroy Griffith. Mrs. Griffith was of the class of 1852 and a charter member of Belle Lettres society.

She told of the founding of the society, having for its basis, truth, work, and honest living. She pleaded with the young ladies to make the Bible the basis of all their endeavors. Mrs. Leda Ellsbury Bird of Kansas City favored the audience with a piano solo, "Polonaise Op. 46, No. 12 Mac Dowell."

Through a motion by Mrs. W. A. Fay a vote of thanks was given Mrs. E. C. Lambert for her untiring labor she gave in getting out the college alumnae catalogue.

Election of Officers.

The report of the nominating committee announced the following list of officers for the ensuing year, which was approved:
